Thanks Brent - this is something that we did know (I actually visited him myself a few weeks ago and had a tour of the treatment system) - we have not had a chance to visit him with the access form since he is working Ex. 6 - Personal Privacy We will visit him on Monday and decide if we will be sampling Ex. 6 - Personal Privacy home or not. I decided not to add notes until after we visit with the access form - but any info that you can provide is always appreciated.

Thanks again - Ann

Subject: Sampling in Dimock

Ann,

I am one of the contractors working for Cabot, specifically designing and installing the water treatment sheds. I just received the sampling schedule for next week and wanted to note that Ex. 6 - Personal Privacy has a Cabot treatment shed.

Thanks
